ATTENTION

Riverton Curbside Customers

Please throw all other brochures you have received from the City of Riverton away. Our vendors have made changes in what recyclables they will accept. As of November 1, 2012, the attached brochures show the recyclables the City of Riverton will take in the Neighborhood Drop-off areas and at curbside. Some of the changes are Other Plastics (No. 3 through 7, including No. 1 and No. 2 non-bottle plastics). Please watch Channel 11 or check on our website at www.rivertonwy.gov for current information on the Curbside Recycling program. We will also show which recyclable is currently being collected.

If you have questions regarding the City of Riverton Curbside Program, call the Recycling Hotline, 307-857-7744. If you have on recycling in general, you can call either the Recycling Hotline, CES, or the Fremont County Solid Waste Disposal District.

Riverton Curbside Program

Week 1: PAPER

Maximum Container (Not Cardboard) Dimensions:
19.75”L x 15.75”W x 13.5”H
or 18 gallon capacity

Cardboard boxes can be recycled this week. See the Corrugated Cardboard brochure.

If you have questions about what is acceptable, please call the Riverton Recycling Hotline at 307-857-7744.

REV: SEPT 2012

Riverton Curbside Program

Week 2: HOUSEHOLD CONSUMABLE PLASTIC
